REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claims 1, 4-28 allowed because, the prior art of record specifically Adler et al. (US 6,088,123) fails to specifically teach making each coefficient of a *two dimensional mask* having a blue noise characteristic *correspond to respective bit information of the additional information*, each coefficient being represented in multi-level *to identify a priority for embedding* the bit information of the additional information and modulating the image data, in accordance with coefficients of the mask, on the basis of a positional relationship obtained by assigning the two-dimensional mask onto the image as a correspondence result, thereby embedding the bit information in the image data of claims 22, 24, 25, 26, 27 and 28 combined with other features and elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
